

# WATER'S ROLE IN

# ECONOMIC DEVELOPMENT

## REAP REGIONAL WATER CONFERENCE

SAVE THE DATE: MAY 26TH

Sedgwick County Extension Center  
7001 W. 21st, Wichita, KS

This one day event will provide a networking forum of presentations and discussion on opportunities to use water to encourage economic development in the South Central Kansas Region and the State of Kansas. Event open to participants from all areas, including private, nonprofit, and government representatives.

Featuring Keynote Speaker

**DEAN AMHAUS**

Executive Director of the Milwaukee Water Council

The Milwaukee Water Council's mission is to make the Milwaukee Region the world water hub for freshwater research, economic development and education. Since their creation in 2007, the Water Council has developed several initiatives to encourage the use of water for economic development in the Milwaukee area, believing that pure, low cost water provides the ideal platform for research and manufacturing.
