Factor 5 – Achieving Results and Program Evaluation							
Regional planning issue to be addressed	Long-term outcome desired	Livability Principle(s) addressed	Applicable Activity in the Regional Plan for Sustainable Development	Anticipated Progress and Forms of Measurement			
				6 months	12 months	24 months	36 months
Disconnection between low- and moderate-income workforce to employment options (NOTE: this is a sample – if this outcome is pertinent to your application, please include it below.)	a. Increased proportion of low- and very-low income households within to transit commute of major employment centers (sample)	Providing More Transportation Choices; Increasing Economic Competitiveness	Workforce Transportation 2020 plan that cements agreements between major employers and regional transit agency (sample)	Identify potential long term employers willing to participate in program; secure participation of transit agency. Measure: letters of commitment from participating agencies (sample)	Working group convenes and completes 4-month charge to develop agreements to incorporate into the RPSD. Measure: meeting summaries; strategic plan outline, appropriate research (sample)	Draft plan submitted to leadership Team for review and incorporation into the RPSD; review process commenced. Measure: draft plan, summary of public plan reviews, analysis of comments (sample)	Draft transportation plan, ratified as component of RSPD. Measure: RPSD, coverage of plan adaption, survey of implementing agencies to ascertain their respective operating plans (sample)
Limited access and coordination between workforce, large employment centers, affordable housing, and low- and very low-income households to public transit.	b. Increased proportion of low- and very-low income households within to transit commute of major employment centers.	Providing more transportation choices; increasing economic competitiveness through reliable and timely access to employment centers, educational opportunities, and basic services.	Strengthen communities by enhancing the sustainability of communities and expanding access to economic opportunities.	Identify workforce, large employment clusters, affordable housing, and low- and very low income household issues and barriers to accessing alternative public transportation. Measure: Provide regional educational forums to identify issues and barriers in workforce, and affordable housing access to public transit.	Develop regional vision for increasing access from affordable housing and low-income households to employment centers through scenario planning. Measure: Conduct forums for visioning. Create and distribute community sustainability survey. Develop vision for regional affordable housing and transportation plan	Align priorities with Wichita Area Metropolitan Planning Organization’s Wichita Metropolitan Transportation Plan 2035, with major employment center’s workforce needs, and identify location-specific affordable housing in proximity to existing public transit and employment centers. Measure: Provide communities forums, draft integrated strategy and policy statements to address affordable housing barriers.	Adopt regional goals and strategies to create a regional housing and transportation plan. Measure: Provide regional information tour on final RPSD strategies; Adopt regional plan for sustainable development.
Lack of coordinated effort in local governments to integrate multi-jurisdiction multi-issue long range planning.	c. Creation of shared elements in regional transportation, housing, water, and air quality plans tied to local comprehensive land use.	Coordinating policies and leverage investment by removing barriers for collaboration for all levels of government; Value communities and neighborhoods	Inclusive and Sustainable Communities. Support metro areas and multi-jurisdictional partnerships that commit to adopt healthy community design strategy initiatives will tie these issue areas together in the context of land use and the built environment	Identify issues and barriers that prevent local governments working collaboratively, specifically in the area of integrated, long range sustainability planning and healthy community design. Measure: Provide regional educational forums on healthy community design, and develop consensus on healthy community design framework for RPSD.	Develop regional vision for creating a shared elements plan Measure: Conduct forums for visioning. Create and distribute community sustainability survey. Develop vision for a shared elements comprehensive land use plan	Develop regional goals and alternative strategies to address a shared elements plan. Measure: Provide communities forums, draft integrated strategy and policy statements to address a shared elements plan barriers.	Adopt regional goals and strategies to create a shared elements in regional transportation, housing, water, and air quality plans tied to local comprehensive land use planning. Measure: Provide regional information tour on final RPSD strategies; Adopt regional shared elements plan.

Limited access to affordable new housing in low-income communities and older inner-city neighborhoods development in close proximity to economic opportunities	d. Reduced social and economic disparities for the low-income and communities of color within the target region.	Enhance economic competitiveness; Promote equitable affordable housing; Coordinate policies and leverage investments.	Value Communities and Neighborhoods; Support Existing Communities by increasing community revitalization and expanding access to economic opportunities.	Identify social and economic disparity areas. Identify issues and barriers to reducing social and economic disparities. Measure: Provide regional educational forums to identify issues and barriers to reducing social and economic disparities	Develop regional vision for increasing access to affordable new housing in low-income communities and older inner-city neighborhoods through scenario planning. Measure: Conduct forums for visioning. Create and distribute community sustainability survey. Develop vision for regional housing plan.	Develop regional goals and alternative strategies to address affordable housing vision. Measure: Provide communities forums, draft integrated strategy and policy statements to address affordable housing barriers.	Adopt regional goals and strategies to create a regional housing plan. Measure: Provide regional information tour on final RPSD strategies; Adopt regional housing plan.
Limited access to safe, cost-effective alternative transportation options that connect the region.	e. Decrease in per capita VMT and transportation-related emissions for the region.	Provide more transportation choices and develop safe, reliable, and affordable transportation choices improve air quality and promote public health	Improving quality of life; encourage alternate transportation choices and enhance environmental sustainability.	Identify alternative transportation options that connect the region. Identify issues and barriers to implementing alternative transportation opportunities. Measure: Provide regional informational forums to identify issues and barriers to increasing access to alternative regional transportation.	Develop regional vision for increasing access to alternative transportation through scenario planning. Measure: Conduct forums for visioning. Create and distribute community sustainability survey. Develop vision for regional transportation plan.	Develop regional goals and alternative strategies to address alternative transportation choices. Measure: Provide communities forums, draft integrated strategy and policy statements to address regional transportation barriers.	Adopt regional goals and strategies to create a regional transportation plan. Measure: Provide regional information tour on final RPSD strategies; Adopt regional transportation plan.
Limited public infrastructure planning and policies that do not promote, and decreasing trends of urbanized land per capita that inhibit sustainable and healthy community design.	f. Decrease in combined housing and transportation costs per household.	Providing more transportation choices; Support existing communities; Enhance economic competitiveness; Promote equitable affordable housing; Coordinate policies and leverage investment	Inclusive and Sustainable Communities; Encourage alternative transportation choices and enhance environmental sustainability	Identify public infrastructure planning and policies that do not promote sustainable and healthy community design. Measure: Provide regional informational forums to identify infrastructure planning and policies that limit access to affordable housing & transportation alternatives.	Develop regional vision for decreasing housing and transportation costs through scenario planning. Measure: Conduct forums for visioning. Create and distribute community sustainability survey. Develop vision for regional healthy community design.	Develop regional goals and alternative strategies to address alternative regional transportation and housing choices. Measure: Provide communities forums, draft integrated strategy and policy statements to address regional housing and transportation barriers.	Adopt regional goals and strategies to reduce housing and transportation costs. Measure: Provide regional information tour on final RPSD strategies; Adopt regional plan for healthy community design.

<p>Limited participation opportunities and control over decision-making processes by low-income communities and communities of color.</p>	<p>g. Increased participation and decision-making in developing and implementing a long range vision for the region by populations traditionally marginalized in public planning processes.</p>	<p>Value communities and neighborhoods by Ensuring open, diverse, and equitable communities;</p>	<p>Inclusive and Sustainable Communities; create a Community Engagement Plan, developed by local organizations serving traditional under-represented populations and providing training on technical issues to build capacity to effectively engage diverse community representation.</p>	<p>Establish a community engagement plan, which will serve as a process and criteria for selecting groups to fund their engagement. Measure: Complete a community engagement plan that establishes a Request For Proposal process for community organizations to apply for funding and technical assistance to build capacity and engage under-represented populations they serve in the RPSD.</p>	<p>Finalize curriculum for capacity building workshops. Measure: Approve curriculum for capacity building workshops.</p>	<p>Fund community organizations conducting outreach to engage on planning activities; capacity building workshops completed; anonymous survey of community members to assess their thoughts on the level of engagement; evaluation by community engagement to assess integration of community decisions into the regional planning process. Measure: Summary of workshops and community meetings; number and diversity of interests represented.</p>	<p>Communities leading planning meetings and working groups to inform decisions; evaluations of community engagement team to assess integration of community input into decisions; online survey of community members. Measure: Summaries of community meetings; clear reflection of community input in final plans; evaluation by community engagement team; decision maker responses and action to community input.</p>
<p>Above average percentage of child obesity rates and limited access to fresh food for elderly, minority, and rural populations</p>	<p>h. Improved public health outcomes that result from creating safer, more walkable neighborhoods with more access to fresh local foods.</p>	<p>Providing more transportation choices; Support existing communities; Enhance economic competitiveness; Coordinate policies and leverage investment.</p>	<p>Inclusive and Sustainable Communities. Support multi-jurisdictional partnerships that commit to adopt healthy community design strategy initiatives that tie these issue areas together in the context of public health, the built environment, and access to fresh food.</p>	<p>Identify health and social disparity areas related to accessing fresh food. Identify issues and barriers to reducing health and social disparities related to accessing fresh food. Measure: Provide regional educational forums to identify issues and barriers to increasing access to fresh foods.</p>	<p>Develop regional vision for increasing access from rural, minority, and low-income populations to fresh local foods through scenario planning. Measure: Conduct forums for visioning. Create and distribute community sustainability survey. Develop vision for regional fresh food access plan.</p>	<p>Develop regional goals and alternative strategies to address access to fresh food. Measure: Provide communities forums, draft integrated strategy and policy statements to address fresh food access.</p>	<p>Adopt regional goals and strategies to create a regional fresh food access plan. Measure: Provide regional information tour on final RPSD strategies; Adopt regional fresh food access plan.</p>
<p>Limited regional workforce development to equip local population with workforce skills needed for emerging economic industries.</p>	<p>i. Increased proportion of the local population adequately prepared to participate in core economic growth sectors of the region.</p>	<p>Increasing economic competitiveness through access to workforce development, and educational opportunities that enhance emerging economic clusters.</p>	<p>Support Existing Communities by increasing access to economic opportunities.</p>	<p>Identify workforce and emerging employment clusters issues and barriers to accessing workforce development. Measure: Provide regional educational forums to identify issues and barriers in emerging industries and workforce development.</p>	<p>Develop regional vision for increasing access to workforce development and employment centers through scenario planning. Measure: Conduct forums for visioning. Create and distribute community sustainability survey. Develop vision for regional workforce development plan.</p>	<p>Develop regional goals and alternative strategies to address workforce development.
